Sl no.	Area	Recommendation	Urgency	Management response	Timing and Responsibility	Implementation Status till our audit
1	4.3.1 Accounting	We recommend MRDI to only record actual costs within the general ledger. If more funds are received for performing activities than actual cost, a profit should be recorded if the donor contract allows for it; otherwise the surplus should be recorded as a liability to the donor.	High	MRDI at present does not make any profit against performing any activities. All unused donor funds are recorded as liability to the donor in the books of account and shown separately in the annual financial statement. Some lacking is there in sufficient clarification, explanation and system documentation. MRDI has already started practicing this documentation. The board requested the Executive Director to address the recommendations of the system audit and maintain appropriate time sheet for staffs.	Within June 30, 2017. Responsibility: Executive Director	Implemented
2	4.3.1 Accounting	We recommend MRDI to implement an accounting software which enables all projects to be recorded within one "company setup".	High	MRDI agreed on this recommendation. The board instructed ED to take necessary steps.	The action will start from FY 2017-2018. Responsibility: Executive Director	Implemented
3	4.3.1 Accounting	We recommend MRDI to perform consolidation of the financial outcome at least on quarterly basis until the setup of the accounting system is updated to "one" company.	High	MRDI has already started consolidation of the financial outcome on half yearly basis from last year. The board decided to do it on quarterly basis as per recommendation of EY.	From January 2017 we started the process. Responsibility: Executive Director	Implemented
4	4.3.1 Accounting	We recommend MRDI to implement a cost allocation policy.	High	MRDI strictly maintains cost calculation of different projects. But the lacking is in sufficient clarification, explanation and system documentation. The board advised to follow the procedure of cost allocation according to budget approved by the donor.	Within June 30, 2017. Responsibility: Executive Director	It is under process but yet to be implemented

The board approved the upper limit of approval authority of the ED on Taka 1,500,000.00 (Taka fifteen lac only) for a single expenditure till next AGM.
