Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Project Title: Raise Media Awareness and Understanding of Nutrition Issues in Bangladesh

Funded By: Family Health International (FHI 360)

Implemented by: Management and Resources Development Initiative (MRDI)

1. Financial report was not sent to the donor as per deed of agreement.

Fact:

As per deed of agreement "MRDI will submit financial reports to FANTA on a monthly basis." But on our verification we observe that financial report was not sent to the donor as per deed of agreement. Details are as follows:

Report to be sent as per agreement	Actually report sent	Variance
13	6	7

Recommendation: Management should comply with the Deed of Agreement and send the donor reports as soon as possible.

Management Response:

As per agreement MRDI had to submit financial reports to FANTA on a monthly basis to reimburse programme cost on a monthly basis. But to run program activities smoothly and on-time, both parties agreed to transfer the fund as per program requirements. It was also discussed that whenever FANTA will request for financial SFR, MRDI will provide accordingly.

Considering the above, MRDI provided it 6 financial reports as per requirement. There have been no objections from FANTA in this regard.
